

415 project

415 hub innovation project

Supporting people over 65 to stay in their own home for longer

Who are we?

For more than 35 years, Loretto Care has been transforming the lives of the people we work with. We do this by putting a strong focus on flexible support tailored to meet individuals' outcomes.

Loretto works with our partners in Wheatley Group to build an infrastructure of care, support and housing that enhances the communities we support.

415 partners

The 415 project is run in partnership with Glasgow City Health & Social Care Partnership.

What service does the 415 project offer?

Community engagement and activities

- Signposting older people to community programmes in their area such as lunch clubs, community gardens etc
- Working with older people to identify areas of interest and supporting them to take up these activities.

Advice on small adaptations and accommodation

- The project has a demonstrator flat to illustrate the small adaptations which can be made around the home to aid independent living. The flat itself has been designed with the needs of an older person in mind, including easy access to the shower etc. To learn more about the flat call 0141 274 5974 or email 415@lorettoha.co.uk

Partners working together to support people over 65

- The project includes ‘first through the door’ which involves partners working together to help older people, who may be vulnerable, at the first opportunity. This could be someone from Fire & Rescue Scotland carrying out a home-fire safety check and recognising an older person needs the help of a nurse, or a housing officer identifying an older person is isolated and signposting to community activities. First through the door makes use of an app which provides information on services within the G53 and G46 areas
- The project also helps people over 65 to make use of technology to help them live at home for longer.

Know an older person that requires an intensive care package to remain at home or to return home from a stay in hospital? Get in touch with Social Care Direct on 0141 287 0555 and ask for a referral to Loretto Care’s Livingwell extracare service.
